**FILING DATE**

Taxpayers on a calendar year are required to file by April 30 of the subsequent year. Those on a fiscal year must file by the last day of the fourth month following the end of the fiscal year. Returns shall be for the same calendar year, fiscal year, or other accounting period as the taxpayer uses for Federal income tax purposes.

**REMITTANCE**

If the tax due is one dollar (\$1.00) or more it **must be paid** when filing the return. Make remittance payable to:

**TREASURER - CITY OF JACKSON**

**DECLARATION AND PAYMENT OF ESTIMATED TAX**

Corporations must make estimated tax payments every year that their total City tax will exceed \$250.00. To make estimated payments, file a Jackson Declaration of Estimated Tax.

Estimated taxes are payable in four equal installments. The payments are due on the last day of the 4<sup>th</sup>, 6<sup>th</sup>, 9<sup>th</sup> and 13<sup>th</sup> month after the start of your fiscal year. For calendar year taxpayers, the payments are due on April 30, June 30, September 30, and January 31. You may also pay in full with the first voucher.

**TAX RATE**

1.00% effective June 12, 1964.

**EFFECTIVE DATE OF TAX**

The City of Jackson income tax became effective June 12, 1964. Corporations subject to the tax are required to file a return each year, commencing with their first year, calendar or fiscal, ending on or after June 12, 1964, and to pay the tax on that part of their net income attributable to business activity in Jackson.

**CORPORATION REQUIRED TO FILE**

Every corporation doing business in the City, whether or not it has an office or place of business in the city or a net profit, is required to file a City of Jackson Income Tax Corporation Return, Form S-1120.

**Corporations** cannot elect to file and be taxed as partnerships and visa versa. Sub-Chapter S corporations are treated as C corporations and must file a J-1120.

**Non-profit corporations**, which have applied for and received approval for exemption from the Federal income tax shall not be required to file a Jackson return provided they submit, to the Administrator, a copy of their exemption approval from the Internal Revenue Service. Such exemption from the City's filing requirement will continue in effect as long as their Federal exemption is in effect.

The ordinance also specifically exempts state and national banks, trust companies, insurance companies, building and loan and saving and loan associations, and credit unions (either state chartered or federal chartered).

**EXTENSIONS**

Jackson allows Companies the same extension period granted by the Federal Government. Please attach a copy of the Federal Extension to the Jackson Tax Form J-1120. An extension does not extend the time for paying the tax due.

**General Instructions**

All dollar amounts must be rounded to the nearest whole dollar.

The income and expense items should be reported in the following manner:

Depreciation - Use the same basis and method as used for the Federal Income Tax reporting.

Contributions – Are deductible to the same extent, and under the same limitations, as under the Federal Internal Revenue Code.

**Separate Accounting**

The taxpayer may petition for, or the administrator may require, use of the separate accounting method. If such method is petitioned, the administrator may require a detailed statement to determine whether the net profits attributable to the city will be apportioned with reasonable accuracy (Ordinance Section 19).

Generally, a corporation that is unitary in nature (i.e., has central management, purchasing, warehousing, advertising, etc.) cannot use separate accounting. Taxpayers allocating on any basis other than separate accounting shall include all interest, dividends and other non-operating income to arrive at the total income subject to the allocation percentage.

Taxpayers using separate accounting shall include in income subject to tax a proportionate share of dividends, interest and other non-operating income of the total corporation. This type of income is apportioned to Jackson activity on the same basis as general administrative and overhead costs are apportioned.

**Instructions for Page 1**

**Line 1.** Enter the net profit or loss from your Federal corporate income tax return.

**Line 6.** Exclude on this line any portion of capital gains and losses occurring before the effective date of the ordinance, June 12, 1964. Compute the exclusion by using one of the following methods:

- 2) Prorate the amount based on the number of months since 6/12/64 in relation to the total number of months held.
